

Exposition “Guardians of Firefighters”

Published: 20.07.2021.

Like many traditional profession, firefighter too have has its guardians. Protecting one of the world's most dangerous professions members, and fellow humans from the dangers of fires and other emergencies, often in unexplained, miraculous ways. In Christian religion firefighters patrons have received status of saints and symbols of those saints are often used in different countries firefighters heraldry. Like graphic elements related to guardians, sculptures, faleristics and souvenirs. In February of this year, our museum opened little exhibition, that offers inside into world of firefighters saints.
